Sonu and Eva

Inspiring a lifetime of rare experiences

At Soneva, our creativity is driven by our guiding principle of 'Intelligent Luxury', which is about understanding what true luxury is for our guests; many of whom spend most of their time in urban environments. It is about understanding the daily lives of our guests and offering them experiences that are both 'new' - in that they are rare, unusual and exceptional, but at the same time 'true' in that they are highly desired and cherished.

With our team, we continue to question and challenge what is rare, and hence a real luxury. We have curated the following rare and authentic experiences to help create precious, life-enriching stories and memories.

Soneva Jani, a name inspired by the word 'wisdom' in Sanskrit, is set within a lagoon of crystal clear waters, fringed by pristine beaches and blanketed in lush tropical greenery.

Awaken the adventurer within you and explore the five islands surrounding our resort. Inspire your senses with our unique selection of excursions and prepare yourself for an explorative adventure across the islands. Spend your days soaking up the local culture, examining the marine life, gazing at the stars or relaxing in our very own over water silent cinema.

Start your journey of discovery across land and sea and cultures.
